*Note.* This item is governed by contingencies. The amount estimated for last year under this head was \$ 2,500, which, in addition to the surplus of lineal pay, (in consequence of the establishment not being full,) was supposed to be sufficient to cover all brevet claims; it has, however, been found necessary to increase the amount to \$ 10,000. The actual sum that will be paid to brevet officers, supposing it to be continued for 1828 to the same number and grade now receiving it, is \$ 13,100.
